

Slocum Piloting

Piloting documentation for the Slocum glider platform.

In This Section

Slocum Piloting Checklist

Daily pilot log – the values and checks a pilot records each piloting day.

Mission Files

How a Slocum mission file is written: the `.mi` / `.ma` structure, the masterdata hierarchy, the layered-behavior priority model, the standard behaviors, waypoints, every reason the glider comes to the surface, and the `abend` safety net.
