

Slocum Piloting

Piloting documentation for the Slocum glider platform.

In This Section

Slocum Piloting Checklist

Daily pilot log — the values and checks a pilot records each piloting day.

[Slocum Piloting Checklist](#)

Aborts

Reading and responding to aborts: the three abort types, the drop weight, the abort-code list, the `abend` behavior, and a field guide to the aborts you actually see.
