

Seaglider Deployment Checklist

Mission: _____ **Seaglider ID:** _____

Field team: _____ **Pilot:** _____ **Date:** _____

Source

Paraphrased from community Seaglider deployment checklists and the APL-UW IOP launch guidance. Adapt to your vessel, glider configuration, and local procedures.

1. Field kit

- ☐ Release hooks, carabiners, shackles, slings, tag lines
- ☐ Cradle
- ☐ Glider spares if available *wings, rudder, antenna*
- ☐ Magnetic switch wand(s)
- ☐ Laptop + RS-232-to-USB converter(s) + glider serial/power cable + power supply
- ☐ Glider tool box
- ☐ Binoculars and camera
- ☐ PPE *life jackets, helmet, safety glasses, steel-cap boots, gloves, weather gear*
- ☐ VHF radios and Iridium phone

2. Conditions & readiness

- ☐ Launch conditions within limits *guideline: < 1.5 m waves, < ~0.25 kt (12 cm/s) surface current, > 200 m water depth*
